### No High Basic Fees, No Long-term Commitments

The use of Solar-Log WEB Enerest™ with the L & XL functions requires an annual fee based on the plant size. Every plant can be initially monitored for 30 days without obligation before plant specific charges arise. Hence, all Solar-Log™ fees can be correlated to the respective customers. We have personal and online training so that you can benefit as best as possible from the diverse capabilities of Solar-Log WEB Enerest™.
