

Solar-Log™ WEB-4U

Overview of Our Services

With the Solar-Log™ WEB-4U, we offer services related to all aspects of the Solar-Log WEB Enerest™ online portal to installers and portal operators. With our years of experience that we have gained around the world with 276,800* installed Solar-Log™ devices, we have the know-how along with proven, reliable technology to meet any challenge.

Valuable Time and Cost Savings

On request of the installer or service provider, our specialists monitor customers' PV plants daily. After consultation, we remotely perform any necessary modifications, leaving more time to concentrate on the regular daily work.

*Status 02/2018

Professional and Effective

If desired, we can take care of additional functions, for example the complete configuration of the portal Solar-Log WEB Enerest™ XL as well as the recording and set up of PV plants. Our expertise allows portal operators to devote more time to strategic tasks.

Our technical specialists

- support with years of experience and extensive knowledge
- immediately detect occurring errors
- perform any necessary modifications remotely (after consultation)
- create upon request customized reports for installers, portal operators and their customers
- provide important information for troubleshooting
- allow you to use your precious time more effectively

Specialists

Let us take care of your PV plant monitoring. Our service professionals receive regular training and have extensive practical experience.

Security

Security is our top priority. Our portal is hosted on German servers that are powered completely by renewable energy.

Experience

Use our experience to ensure your success. We have been developing successful solutions for our customers worldwide for over 10 years.
