

Do it for your future!

We are the globally successful Solar-Log GmbH and BKW Energie AG, an internationally active energy company based in Switzerland. Solar-Log GmbH's expertise lies in software development for solar monitoring, smart energy and feed-in management, while BKW offers total solutions in the areas of energy, buildings and infrastructure.

Our vision is to make the digitalisation of renewable energy sources a reality. Together with you, we would like to achieve our goal.

We are looking for a Working student in the area of product marketing/management (m/f/d)

Your tasks

- Content maintenance for our website
- Maintain and develop online help and learning assets in collaboration with the product owner for the product series and the product marketing team to facilitate the use of the digital products for our customers
- Finding and implementing potential for SEO optimisation on our website
- Support with competition research and database maintenance

You bring along

- You have max. 20 hours per week?
- You know Typo 3 and have already actively used it?
- Are you confident with the German and English languages (other languages are always a plus)?
- Are you familiar with various online tools such as Confluence, JIRA or Userlane?
- Do you enjoy working in a team and communicating with team members?
- You have a high level of self-motivation and work independently, even remotely from home?

We offer you

- Very mobile working environment
- An innovation-friendly environment that allows for professional development
- An internationally operating group of companies in which you can actively help shape the success of the project.
- An exciting and independent job in a dynamic team
- An attractive and modern working environment
- Flat hierarchies with a family-like you culture
- Additional benefits such as corporate benefits, etc.

Have we aroused your interest?
